## Burns, Bliss, Bruns Beautiful Boys

To the three "Bs"—Burns, Bliss, and Bruns—may fairly be given the credit for the defeat of the All-Stars by the Honolulu team yesterday. It was a close game, and well played by both sides. The final score of 1 to 3 in Hawaii's favor was a surprise. Up to the eighth inning the score was even, viz.: three all.

When Burns stood up to bat with Kia and Bruns on the bases it looked as if a draw was inevitable. However, Burns stole second, and Bruns, making a safe hit, OUR BILL (Bill Burns is ours from now on), got home amidst tremendous applause.

Burns and Bliss have endeared themselves to all Honolulu by their heady, hard, and clever work on our behalf. Bliss was a host in himself. His knowledge of the game seems miraculous; he seems to know exactly where every ball will be hit to. He was as keen on winning this game as if it had been some big Coast League affair.

And Burns—good old Bill—how he did shoot 'em over the plate! And say, how he did throw to first when there was a chance to get a man! Oh, they are a pair of good fellows, all right.

It was a beautiful day for ball, and the diamond was in fine condition. A large crowd was present, and only the band was needed to complete the joy.

Speaking of joy, reminds us that the only Barney acted as umpire. Some of his decisions were, to say the least, startling. However, we won, so let it go that.

Devereaux pitched the first four innings for the Stars. Heitmueller then took the sphere. Mick Fisher kept his word about umpiring, and stuck it out till he got too warm. Joy then relieved him.

There was much disappointment felt when it was known that the field sports had fallen through—that is, with the exception of the throwing at target event, which was pulled off. In this event a target—a beer ad—was erected on second base. Michael Fisher donated a prize of \$10 to the best thrower. There were quite a number of competitors—some sixteen in all, including members of the All-Stars and All-Hawaii. Brick Devereaux led off and, missing, with his first, had just thrown his second, when the target fell of its own accord. The ball had not reached second base when the beer tray took the count. Brick, of course, wanted to claim a bull's-eye, but "nothing doing" was the verdict. Graney was the next thrower; he made three misses. Heitmueller followed suit. Johnny Williams did better, hitting the target on the first hop—no score. Burns and Deleahanty fanned, and then McArdle scored a center—a fine throw. Bliss, reliable old Bliss, then scored with a slow one. Leslie, Nick Williams, Flaherty, Bruns (who just scraped the target, too high by inches, three times), Reuter, En Sue, and Fernandez all missed. Hampton, with a fairly fast ball, scored a bull's-eye, and, pecking up another, hit the target for the second time fairly in the center. His third was a good throw, but high. Hampton, therefore, took the ten-spot prize.

Mike Fisher, inspired with a vain hope of saving the ten punks, by hitting three times, took a hand at throwing and missed. Scoring a hit is a very difficult undertaking, and Hampton did very well to score twice. At 1:45 p. m. a match between the Chinese Athletics and the Hawaii White Sox was started. The game only went seven innings owing to lack of time. Up to the fifth inning it was a close game, the score at that stage being four all. In the sixth the Chinese team scored three runs and took the lead. The Celestials scored one more in the seventh and the game ended 8 to 5 in C. A.'s favor. Apau pitched and Chi Bui caught for the Chinese. Clarke and Brito attacked for the White Sox.

The big game by innings went as follows:

First Inning—Curtis died at first. Devereaux made first on safe hit. Deleahanty flew to catcher. Devereaux stole second. Heitmueller out at first, third to first. No runs.

Desha bunted and expired at first. Hampton hit the air. Fernandez made hole in the atmosphere. No runs.

Second Inning—Williams crossed

STODDARD DAYTON

By Hour or Trip.

G. C. Beckley, Jr.

PHONE 199.

the Styx at first. Danzig got his from third to first. McArdle out, third to first. No runs.

Bliss passed in his checks at first. Williams hit to left field and made first. Burns, good hit to center; Williams got home. Kia skied to centerfield and Burns died at plate. One run.

Third Inning—Flaherty hit to center and made first. Graney safe on error. Curtis forced the Irishman to third. Graney scored on error of pitcher. Devereaux flew out. Deleahanty died, En Sue to first. No runs.

Burns failed to make first. En Sue took base on balls. Desha fanned. En Sue stole second and third. Hampton out at first. No runs.

Fourth Inning—Heitmueller was tagged between first and second, catcher and pitcher after him. Williams out at first. Danzig died short to first. No runs.

Fernandez made two-bagger. Bliss to first. Williams caught in country. Fernandez home. Bliss to second.

Burns hits two-bagger and Bliss comes home. Kia flew to McArdle. Bruns out, short to first. Burns dies at home plate. Two runs.

Fifth Inning—McArdle to first. Flaherty on safe hit made first. McArdle to second. Graney fanned. Curtis goes out to left field. McArdle gets home and Flaherty to third. Devereaux made first on safe hit and Flaherty died at home plate. Curtis got to third. Deleahanty made first on a safe hit. Curtis got home. Devereaux made second. Williams running for Devereaux caught off base at third. Two runs.

En Sue hit two-bagger to center field, and died trying to steal third. Desha did the fan act. Hampton flew to center field. No runs.

Sixth Inning—Heitmueller made first on hit to shortstop. Williams flew to En Sue. Heitmueller got to second on an error. Danzig walked on balls. McArdle made first safely. Heitmueller got to third. Flaherty fanned with the bases all full. Graney flew to first. No runs.

Fernandez died at first. Bliss took a pass on balls and then stole second. Williams fanned and Burns failed to hit. No runs.

Seventh Inning—Curtis fanned. Devereaux failed to make first, and Deleahanty died on the road to the same point. No runs.

Kia flew out to centerfield. Bruns turned up his toes at first. En Sue skied to Devereaux. No runs.

Eighth Inning—Heitmueller made first on hot hit to leftfield. Williams out to good double play. No runs.

Desha failed to make first. Hampton got to first on hit to left field. Fernandez died. Hampton caught trying to steal second. No runs.

Ninth Inning—McArdle safe on Hampton's fumble. Flaherty skied. Graney out at second. En Sue throws from second to first, the ball hit the bleachers and McArdle tries for second but fails to make it—Fernandez to Hampton.

Bliss skied to shortstop. Williams flew to Curtis. Burns got to first. Kia took base on balls. Burns stole second. Bruns good hit to right field. Burns home. One run.

The official score was:

## BOWLING AT THE ALLEY; CAR BOYS WIN

Another game in the bowling tournament at present being played at the Hotel Alhambra was brought off on Saturday. Fort Shafter tried conclusions with the Rapid Transit boys, and went down by a small margin of 62 points. The game was in doubt up to the very last.

The games for this week will be as follows:

Honolulu vs. Naval Station, Monday.

Marines vs. Naval Station, Wednesday.

Punahou vs. Rapid Transit, Friday.

The official score of Friday's game was:

Rapid Transit		1 2 3 4 5 6 7 8 9	
Ahrens	.....	134	113 127 354 124

## SPORTS BY THE SPORTING EDITOR

Bill Burns, one of the most popular of the Beach Team, has been sold to Cleveland for \$10,000. Bill is worth every bean of it too; one has only to watch him in the box to realize that fact.

Burns does not get the wad himself—it goes to his present club, the Washington. No doubt Bill would settle in Hawaii if the dough were there.

The same old story of drifting off from Hawaii, saying one will never return, and then showing up once more within a year or so, is again retold in Sid Turner's case. Sid, well-known in town, shook the dust of Hotel street from his feet some twelve months ago and floated off to the "Big smoke." Turner could not stand the cold of little old "Frisco," and consequently blew in to Honolulu on the Alameda.

Peterson is very keen on beating Sullivan on Saturday night next. He reckons things up this way: "If I defeat Sulley, I am then in a direct line for a go with Kyle Whitney, and that is what I'd sooner do than eat. Whitney defeated me in a six-round go in 1907. Then Martin draws with Kyle. I beat Martin in a round, so I size it up that I'm good enough for Whitney next time."

In the meantime Dick Sullivan says nothing much, but nevertheless it won't be Dick's want of trying that will allow Peterson and Whitney to meet.

John O'Rourke, of Hilo, and owner of that good horse Major Collier, wants to race his horse over a mile and a quarter, against Adlon, the Maui horse. John will stake \$1000 that the Major can put it all over Dickey Davis' horse at the distance.

## BIG CROWD VISITS AT COUNTRY CLUB

There was a good muster of members and their friends at the Country Club yesterday. The rain had freshened the greens up and the links were in excellent condition. McQueen has certainly got everything in good shape.

The tennis court will be rolled and marked out very soon now, and no doubt some fast games will be seen there. Quite a number of automobiles put in an appearance yesterday, and it augurs well for the town out at the Club on Floral Parade day. The weekly lunch took place and was quite up to first-class hotel style. The Club is certainly in a flourishing condition.

## SAIORS LOSE TO THE KEWALOS

The Kewalos are in the lead for the Atkinson League. Yesterday the Kewalo team put it over the Iroquois to the tune of 8 to 6.

Up to yesterday neither of the leaders of the competition had lost a game in the second half of the series. The sailors, although defeated, have by no means lost all chance of winning the championship, as there are more games to be played yet.

The two tailenders postponed their match in order to go out to the league grounds.

## Soccer Game At Alexander Field; Celestial Ball; New League Starts

Two games of soccer will be played this afternoon on the Alexander Field. Punahou will play Kamehameha, and High School will try conclusions with Alliolani College.

High School leads in the schools competition at present with six points to the Kams' three. The latter team has a good chance to win the championship of the High School weakens at all in their play.

The interest in the Panahou and Kam match this afternoon will be very keen. If the Kamehameha boys go down today they will have no chance of winning the competition.

The soccer enthusiasts are very anxious to see if the Alliolani boys can do as well against the High School as they did against Panahou last week, when a tie was played.

## MIQUE FISHER EXPLAINS YESTERDAY'S INCIDENT

Mike Fisher called at the Bulletin office this morning and made the following statement with reference to the "Tiser's" article in this morning's issue. Fisher seemed very much hurt with the insinuations as to his not keeping good faith with the public. Nothing was farther from his thoughts, and he regrets very much that anyone should think he had "cold feet."

Mr. Fisher's statement is as follows:

"I am not the manager of the Honolulu Baseball League, and I am not responsible for the way the managers of that League manage affairs."

"As far as my race with McDuffie was concerned, I was ready to run him, and had \$50 posted for the event. McDuffie wanted to dictate all the conditions under which we should run. I refused to allow this. I want the public of Honolulu to understand that I cast absolutely no reflections upon Mr. Jack Scully."

"Scully is a friend of mine, and I consider him one of the squarest men in the Territory. I personally asked him to be judge in our race."

"I repeat that I was ready to run the race between Devereaux, Ayres, and En Sue would have come off yesterday if En Sue would run. He would not compete, and the race fell through."

Fisher repeated that he was very sorry that such a thing should have happened just on the eve of the team's departure to the Coast.

## WALLELES BEAT THE K. A. C. "STARS"

The Walleles and K. A. C.—locally known as the "All Stars"—played an interesting game of baseball at Kalia's new grounds yesterday. The Walleles won out with a score of 12 to 8.

August Nibrega's coaching of the game was a prominent feature. He, however, was not on deck when the game was on. His boys, the All Stars, did their best but were outplayed.

The score is as follows:

Walleles	.....	12	34 5 6 7 8 9
All Stars	.....	8	1 2 0 1 0 2 12

## NEW FLYING MACHINE MAKES ITS APPEARANCE.

New York, Jan. 20.—An inventor of an aeroplane and an aeronautical enthusiast heretofore unheard of has suddenly made his appearance in Brooklyn. He is Fred Schneider and he has a machine that astounds experts.

Along general lines it follows the construction principle of the Wright brothers' and the Farman aeroplane, but it also has many new features. Schneider, who is a German, 30 years old, first made his appearance on Sunday last at the Morris Park race track, where the Aeronautic Society has been making experiments, modestly asked for permission to enter and assemble his craft.

The aeroplane is the first to have three propellers. These are of aluminum and are each five and one-half feet long, placed on each side of the other immediately behind the motor. The two outside propellers turn in opposite directions, which is intended to give equilibrium.

The motor is the first of its kind to be tried on any flying apparatus. It is a thirty-six-horse-power gasoline, air-cooled gyroscopic engine and weighs ninety-eight pounds. It was tried out yesterday and acted well. Although causing considerable vibration, the aeroplane was not in any way injured. The machine is thirty feet wide, twenty-five feet long and weighs 450 pounds, including the motor.

Petition filed for new franchise for railroad along Stockton street, San Francisco, tunneling under California street hill and thence to North Beach.

## BOWLING

HOTEL BATHS

A lot of money went up in smoke yesterday at the opening of the Chinese Minor League. Firecrackers galore were let off. Chinese priests carried the punks and a roar of delight went up as the first bunch of fireworks went into the air. Anxious eyes followed the crackers as they soared aloft. What if they failed to go off! What dire misfortunes would then befall the League!

Fortunately the gods were in good humor, and the devils got it in the same place as the historic chicken got him—or was it here; history neglected to mention the sex.

After the evil spirits were wiped out the game started. Two teams, A and B, played a match in which runs came every moment. Thirteen to nine was the tune the B team went under to. It was a good game, followed with intense interest by the members, and in fact all the family relatives of the players. Doubtless, shades of Celestials from the Flowery Kingdom hovered over the game and watched with interest the prowess of their descendants on the baseball field.

There are three teams in this league and the next game will be played on Sunday.

## SATURDAY GAME ABANDONED BECAUSE OF RAIN

It was real bad luck that the rain came on Saturday afternoon. Things looked fairly well for the All-Hawaii's chances against the All-Stars.

But it was not to be. At 2:15 it was raining so hard that no one expected the game to come off. Still everyone hung around hoping against hope that a sudden change for the better might come about—vain hope. About 2:30 it was coming down in sheets, and the diamond looked like a miniature lake. Mique Fisher, Doc Monsarrat, and Fernandez looked out on the sheet of water and suggested a swimming race.

At 3 o'clock a thunderstorm passed overhead, and something like a cloudburst happened. It was shortly afterwards decided to postpone the game till Sunday, all those present being handed passes good for the next day's play. A few "kickers" wanted their money back in real cash—not passes. These sourbells were told to call the Hawaiian News Company.

"It was a real wading race to catch the cars at the corner, and loud were the curses that no waiting room exists outside the ball grounds. Such a shelter-shed would have prevented many a bad cold to say nothing of the destruction of one's clothing."

Squad of 135 trackmen sign for season's events at Stanford University today.
